

OPEN WATER SCUBA DIVER & COMPUTER NITROX

***Earn 2 certifications upfront and be ready to take on the world!!!**

Description

This is where your adventure begins!

Your SDI Open Water Scuba Diver course is the gateway into the underwater realm. We train confident global-ready divers through role model behaviour, expert knowledge, patience and understanding with a strong focus on reducing your environmental impact. There is no point exploring the underwater world if you're destroying it at the same time. Better yet, our Mobile HQ makes the course uber comfortable, convenient and time efficient with all of the equipment delivered onsite providing students with more time to master their course than worrying about logistics!

2-4-1 - Students will also obtain a **Computer Nitrox** certification preparing them to dive longer and take in more of the underwater beauty ready for their global adventures.

We include all the gear including air/nitrox computer, mask, snorkel, wetsuit, fins and boots so you're not pressured into buying anything until you've learnt how to dive and are armed with experience to make better gear purchases. Buy it once is the key. As a student of ours you will receive ongoing coaching and gear discounts throughout your continued training.

Academic

The Open Water Scuba Diver & Computer Nitrox course consists of three main phases:

- Knowledge Development (via eLearning - independent study) to understand basic principles of scuba diving
- Confined Water Dives to learn basic scuba skills
- Open Water Dives to use your skills and explore!
