

Dragon Safari

4 Days, 3 Nights

4 Boat, 4 Shore Dives

**Lonsdale Wall, Portsea, Blairgowrie, Rye, Flinders
Mornington Peninsula, Victoria**

Minimum Certification Level: Open Water 18m

Mornington Peninsula is home to the very best of Victoria's scuba diving with famous marine life found no where else in the world! Have you ever hear of Seadragons? Of course you have! From permanent colonies of Weedy Seadragons, to annual Spider Crab migrations, to dolphins, seals, huge rays and to the visiting whales on their migrations. Come see why film and documentary makers travel from all over the world and witness first hand what Victoria has to offer!

Dive trips are traditionally expensive, lengthy and require premium logistical skills if you're organising your own. So why not go on a scuba diving adventure in your very own backyard without having to organise a thing.....at a fraction of the price? Sounds too good to be true, right? Wrong! Dive2U has you covered!

Our Dragon Safari will guide you through the hot spots of the Mornington Peninsula. Scuba dive with Weedy Seadragons, Australasian Fur Seals, giant Smooth Stingrays and various temperate water fish. Explore underwater limestone formations, seagrass meadows and famous sponge gardens all

while under the guidance of an instructor guide and in the comfort and convenience of our 1-of-a-kind mobile HQ.

In true Dive2U fashion this trip includes a lot! Don't stress about airport transfers, accomodation, dive schedules, food, packing dive gear and running to and from the dive shops for tank fills. We'll take care of everything for you from return transport from Melbourne & Melbourne Airport, right through to keeping those tanks topped up onsite with our Mobile HQ. That way you get to spend quality time exploring and processing all of those amazing photos!

Take a load off, relax and get your adventure on!

Price: \$695pp

What's included:

- Return transport from Melbourne Airport, Federation Square (for group pick ups) or your accommodation (for private pickups)
- 4x guided boat dives
- 4x guided shore dives (Seadragons!)
- Shared accomodation at private dive lodge
- Continental breakfast and lunch daily (picnic & cafe lunches)
- A live in instructor guide (your guide will stay with you throughout your safari)
- Gear rentals & all air fills
- All transfers to and from the dive sites, out to dinner and sightseeing
- All permits, entry and diving fees for trip activities

OK, so what's not included:

- Dinner - we decide as a group whether we share a bbq or head out to the pub at our own costs but don't despair the first round of drinks are on us!
