

## **UNDERWATER NAVIGATION SPECIALTY**

**Fine-tune your underwater observation skills and learn to use your compass more accurately. This course may count towards college credit, ask your instructor.**

### **Description**

Be the scuba diver everyone wants to follow because you know where you are and where you're going. The PADI Underwater Navigator course fine-tunes your observation skills and teaches you to more accurately use your compass underwater. If you like challenges with big rewards, take this course and have fun finding your way.

If you're a PADI (Junior) Open Water Diver who is at least 10 years old, you can enrol in the PADI Underwater Navigator Specialty course.

### **Academic**

You'll learn the tools of the trade, including navigation using natural clues and by following compass headings. During three scuba dives, you'll practice:

- Methods to estimate distance underwater.
- Compass navigation while making at least five turns.
- Marking or relocating a submerged object or position from the surface.
- Underwater map making.

Also, the first dive of this PADI Specialty Diver course may credit as an Adventure Dive toward your Advanced Open Water Diver certification – ask your instructor about earning credit.

## **Equipment**

Besides your basic scuba equipment, you'll need a compass and underwater slate. Your PADI Instructor may suggest other gear to help you stay oriented, such as marker buoys or lines and reels.

## **Getting Started**

Book and pay for your course via the online checkout. Head to the shop -> dive courses -> UW NAV -> choose solo or group -> purchase ECO DIVER gear -> checkout.

We'll then contact you to arrange course material deliveries and book in course dates!

## **Pricing:**

\$295 for 2-4 students (private courses so you organise your buddies!)

\$485 solo

## **Includes:**

- Equipment rental (including mask, snorkel, fins and boots)
- Theory manual
- 2 shore dives

***We have products available in our shop that fit our ECO DIVER ethos. If you wish to purchase equipment upfront and train in during your course, purchase with us knowing you're making an effort to reduce your diving footprint and make steps towards becoming an ECO DIVER.***

## **Not Included:**

- Slate & pencils or wet notes
- Compass
- DSMB & spool
- Torch
- Knife/Cutting Tool
